The SolidWorks Exams are a great way to keep the team on track, certified and moving toward increasing skill set. We are seeing more clients use this for new hires and continuous learning programs.

With your Subscription service with us you are entitled to the following:

- One free core (CSWA or CSWP), one free advanced (CSWPA) and one free speciality exam voucher for each seat of SolidWorks on active Subscription.
- Vouchers/coupons can be requested twice a year one in the first half and another in the second half of the year.

***With your Subscription service with us you are entitled to the following: One free core (CSWA or CSWP), one free advanced (CSWPA) and one free speciality exam voucher for each seat of SolidWorks on active Subscription. Vouchers/coupons can be requested twice a year one in the first half and another in the second half of the year.

MAIN CERTIFICATIONS

01   CSWA Certified SolidWorks Associate

02   CSWP Certified SolidWorks Professional

03   CSWE Certified SolidWorks Expert

Then there are CSWPA exams which are Certified SolidWorks Professional Advanced exams broken into various tools or solutions, ie, Drawing Tools, Mold Making, Sheet Metal, Weldments, and Surfacing,

The certification for PDM would be the PDM Administrator Professional (CPAP). Students would not be expected to pass this without significant PDM experience. They would have most likely had some experience with it or taken the PDM Admin course that CAD Micro runs to get to this level. We can always discuss this on a case-by-case basis.

Most have a passing grade of 70 and a 14-day waiting period to re-test if necessary. They can range in time from 90 minutes to 3 hours, but each course is listed in the directory with the allotted time, passing grade, and prerequisites.

All candidates receive electronic certificates and personal listing on the CSWA directory* when they pass. (*you have to set this feature up in your online certification account to be shown in the directory). The CSWP/CSWA exams are available in the following languages: English, French, German, Italian, Portuguese, Spanish, Chinese (Simplified), Korean, Japanese, Turkish, and Traditional Chinese.

PREREQUISITES

1. Have a **3D**EXPERIENCE Certification Account (Please create one here if you don't).

2. Have a **3D**EXPERIENCE ID (please create one following these instructions if you don't).

3. Check with your local administrator or CAD Micro Team to make sure that you have been added as a contact to your organization. Your administrator must use the same email address as what you use for your **3D**EXPERIENCE ID when added as a contact.

01 Once you have the prerequisites taken care of, login to the **3DEXPERIENCE VirtualTester**.

> *URL: https://3dexperience.virtualtester.com/*

02 In the Certification Center, click on "Your Credits" tab > "Subscription Offer" tab > "Lookup My Licenses".

03 Authenticate with your **3D**EXPERIENCE ID when prompted. You will be redirected back to the Certification Center.

> *NOTE: Your 3DEXPERIENCE Certification Account and your 3DEXPERIENCE ID do not have to use the same email address as they are two different systems.*

04 Click "OK" on the confirmation message and select the certification exams you would like to redeem and then click "Create Exam Vouchers"

NOTES

- ***This process is only for commercial customers on subscription and cannot be used to redeem education certifications. For more information on how to receive free exams for education licenses, please email solidworks.edu-certs@3ds.com***

- *If you are using a network license setup, then you will be able to complete the redemption process equal to the number of seats of SOLIDWORKS you have on subscription. However, each redemption will need to be completed by a different user with a different SOLIDWORKS ID.*

- *For more information on SOLIDWORKS Subscription Services, please visit: https://www.solidworks.com/how-to-buy/subscription-services ⮕ Network License users are encouraged to manage their connected SOLIDWORKS accounts via the Admin Portal.*
