

ALUFIX Starter-Set

Extensive promotional set for the perfect entry into the ALUFIX world of precision

ALUFIX:
The modular fixturing
system for repeatable,
accurate quality work.

As a special edition, the ALUFIX starter set opens up the entire diversity of the modular ALUFIX system world right from the start.

It contains the most important basic components and accessories - and can therefore be used immediately for complete fixtures.

There is no faster, more intelligent or more advantageous way to start...

Fixed on precision

ALUFIX: It's all in

ALUFIX from Witte is the worldwide proven clamping and fixturing system for reproducible workpiece fixtures in dimensional metrology and production technology.

ALUFIX components are used to set up measuring and checking fixtures, assembly and welding devices, master jigs and supporting structures for cubings and gauges.

Further exemplary fields of application are prototyp building as well as supporting data control models during design development.

294408-1 Starter-Set ALUFIX 25, 46-pcs.

Nr.	Pcs.	Name
124676-1	1	Grid Base Plate 400x500 mm
82033-1	4	Screw-jack
21667-1	4	Cap for screw-jack
285204-1	3	x-y-Stop for screw-jack
85232-1	3	Clamping plate
11432-51	3	Socket head screw M6x25
22772	2	Washer
22263-1	4	Hold down stud
22268-1	4	Traverse holder with heel
22258-1	4	Hold down spring
80600	4	Fixing disk with stud shoulder
81493-1	1	Tools (10 pcs.)

Combine your individual starter set now, and off you go:

#294409-1 Extension for cylindrical parts ALUFIX 25, 26-pcs.

Nr.	Pcs.	Name
22253-1	4	Deltablock 120°
82125-1A	1	3 Jaw Keyless Chuck
21374-1	2	Bar 25x25x75
25743	8	Combi-Bolt
23240	8	Lock ALUFIX

#294410-1 Extension for square parts ALUFIX 25, 20-pcs.

Nr.	Pcs.	Name
81792-1	1	Vise set
21374-1	2	Bar 25x25x75
25743	4	Combi-Bolt
23240	4	Lock ALUFIX
